

# 2024-25 Credit Flexibility Application

## COURSE PROFICIENCY

Updated: June 2024

Credit flexibility provides students within the Hilliard City School District with an alternative method for earning high school credit. Recognizing that some students have advanced skills and/or special interests in particular content areas, credit flexibility provides a venue for demonstrating learning and proficiency — thus allowing students to earn credit and/or move into more advanced coursework, bypassing previous “seat time” requirements.

Credit flexibility encourages student self-direction and motivates learners to develop new skills and fulfill their potential. It also recognizes that, while learning experiences must be high quality, not all learning happens inside the classroom or in formal education settings.

### Please note that per the Credit Flexibility Course Proficiency Guidelines:

- Credit will be issued for an assessment score of 70% or higher.
- A score below 70% will result in an “F” on the student’s official transcript.**

### Guidelines for COURSE PROFICIENCY Credit Flexibility:
