

## 2023-2024 Credit Flexibility Application EDUCATIONAL OPTIONS

Credit flexibility provides students within the Hilliard City School District with an alternative method for earning high school credit. Recognizing that some students have advanced skills and/or special interests in particular content areas, credit flexibility provides a venue for demonstrating learning and proficiency — thus allowing students to earn credit and/or move into more advanced coursework, bypassing previous “seat time” requirements.

Credit flexibility encourages student self-direction and motivates learners to develop new skills and fulfill their potential. It also recognizes that, while learning experiences must be high quality, not all learning happens inside the classroom or in formal education settings.

### Guidelines for COURSE PROFICIENCY Credit Flexibility:

1. Credit can be earned through Educational Options Credit Flexibility in all content areas (departments) within the Hilliard City Schools’ High School Program of Studies.
2. Credit can only be earned for learning experiences beginning with a student’s entrance into high school.
3. The completed application for Educational Options Credit Flexibility must be submitted by the following **dead-line(s): August 11; November 17; April 29** Students will be notified of approval/disapproval of their proposal approximately thirty (30) days after the established deadline date.
