

## INTRODUCTION FOR EVERYONE

Greetings cast and parents,

This show is something new for us because everyone's in modern street clothes - there's no fairies, animals, pirates, etc. **So we're hoping to raid your closets more than we usually would.** We ask that you look through what you already have, according to the descriptions below. *Don't buy anything!* We'll start with what you already own, and then we can fill in the rest from our stock or purchases.

I should be at the start of rehearsals every Monday to view costumes. Thank you so much!

### Video Performers

Shoes: sneakers, white or black sneakers, if you can. Socks to match, preferably below-the-ankle length. If possible bring several pairs to change out when they get smelly.

Please provide a pair of black leggings (we talked to the group and everyone said they already had these)

We will provide a tank top and accessories

Consideration: you might want to wear a supportive sports bra, since you will be jumping

### Frat Boys

Shoes: please provide a pair of sneakers or sandals, any style or color. Take a picture and show us what you have.

We need several Hawaiian shirts, if you have one

We'll provide sweatpants/shorts and tops

### Salon Workers & Patrons including Kiki the Colorist, Cashier, Stylist

We'll provide a robe and accessories. If this is your only costume, wear any skirt/pants and top, preferably in a darker color, under your robe. If you have other characters, the robe can go over that costume.

Same for shoes. If this is your only costume please show us what you have in flats, sandals, boots/booties or a small heel, as long as you can dance in them. Safety first. You can take pictures rather than bring in multiple pairs. Shoe colors are flexible, but nothing too bright.

## CONCLUSION (EVERYONE)

Again, all this is just a place to start.

More info coming on other characters. Stay tuned and thanks again!
