ELECTIVE RANKING

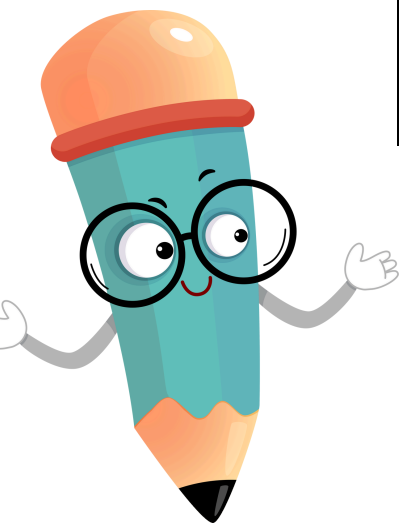

Electives have **limited seats** and sometimes, students are unable to get into an elective they've requested because the class becomes full.

Each student must complete a grade specific Semester Elective Ranking Google Form in which students will rank electives by priority.

Complete and submit Semester Elective Ranking Google Form by **March 5**.

IMPORTANT INFORMATION

...
Lunch will be added & automatically scheduled.

- Does not count towards your 7 total units

...
Semester electives are schedule **REQUESTS** only. Making a request does not guarantee placement into that particular course. Course prerequisites, course offerings, course periods, and/or seat availability can affect the outcome. Most courses offered at the ILC/HUB have limited enrollment. If you request one of these and don't get in, alternatives from your Ranking Sheet will be scheduled.

...
Making any schedule changes at the start of the school year can be challenging.

Please review the courses you choose carefully and choose your courses wisely.
